

Finding Your Way

Tips and Techniques of Navigation and Walk Leading

Tuesday 26th June 7pm to 9:30pm

This course is hosted by Bob Ward and Eric Evans and will cover 3 main topics :

1. How to plan, submit, recce and lead a walk.
2. Use of electronic means to plan, navigate and record walks using your computer and/or SmartPhone
3. A refresher on compass navigation based on the Silva Compass

This course is mainly intended for

- Those members who are thinking of becoming a walk leader. It is not a requirement that you must be tech savvy or own a SmartPhone to be a walk leader
- For anyone who would like to find out about the new technologies available for course setting, navigation and recording. For those who see the ViewRanger posts on Facebook, this will enable you to do all that and more.
- Those who wish to have a refresher on walk leadership navigation

If interested please contact Bob Ward :

- Email : bobwardus@gmail.com
- Phone 07399 106674

The location of the course is at :

5 The Close
Broadsands Park Road
Paignton
TQ4 6JQ.

Tea and coffee will be provided but feel free to bring your own refreshments (alcoholic or otherwise).

I have room for 10 participants. If there is more interest I will host more course nights as needed.

Parking.

From May to Sept street parking is generally not allowed but there is space in "The Close" itself which is not on double yellows. You can also park by lining up in my driveway and also there is space for 2 cars just inside the property to the left.
